"I had stomach trouble twenty years and gave up hope of being cured till I began to use Kodol Dyspepsia Cure. It has done me so much good I call it the savior of my life," writes W. R. Wilkinson, Albany, Tenn. It digests what you eat. F. J. Watton.

REPUBLICAN

Territorial Convention.

At the republican territorial convention held at Phoenix Monday, the following delegates were elected to help nominate a republican candidate for president at Philadelphia on June 18th:

Chas. H. Akers, Maricopa; Chas. H. Drake, Pima; Frank Dysart, Graham; J. S. Hubbard, Apache; John W. Dornington, Yuma; J. A. Vail, Coconino.

Alternates—O. D. M. Gaddis, Mohave; W. H. Clark, Navajo; R. A. T. Penrose, Cochise; T. F. Grindell, Maricopa; George Christy, Maricopa; Chas. F. Solomon, Graham.

"There was never a better representation at a political convention held in Arizona. More than two-thirds of the delegates entitled to seats were present and every member of the Pima delegation was on hand. Apache alone was principally represented by proxies. The representation was as good looking as it was numerous. There were no jays in. The members were well dressed, men of intelligence and experience, fully aware of the object of the meeting. The convention made republicans proud that they were republicans."

The Daily Republican gives the delegates the above compliment and then proceeds to roast them to a nice juicy brown for the reason that Yavapai county and Stoddard got turned down. Someone had to be turned down, and as the majority wanted Akers, that settled it, and the majority ruled as it generally does in such cases.

A resolution was passed endorsing the administration of President McKinley. It was merely an oversight in not instructing the delegates, but it goes without saying that the delegation will be solid for McKinley.

If Akers engineered the affair, as the Republican gives him credit for, we must say that he succeeded admirably, and has placed himself in the good graces of a very large majority of the republicans of the territory. If Mr. Akers has any fat jobs to give away he has certainly neglected this part of the territory.

The delegates from the northern tier of counties are entitled to a great deal of credit for the efficient work they did in the convention.

All of the delegates to the Philadelphia convention are staunch republicans and representative members of the party in their respective counties. What more could you ask?

OTTAWA, the capital city of Canada recently had a very disastrous fire, entailing a loss of over \$15,000,000.

The question of whether the Kansas City convention is to be stormy, or only a little Dewey, is perplexing some persons no little. Advance, Le Grand, Cal.

A HEAVY storm at Waco Texas the 27th, overflowed the creeks and damaged considerable property. Several people were drowned. Texas is getting more than her share of floods this spring.

We are grieved to learn of the death of Dr. John C. Berry, which occurred at his home in Albuquerque, May 1st, of abscess of the brain. The doctor was well known and universally respected throughout New Mexico and Arizona.

Glorious News

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which has caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved, that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by F. J. Watton, Druggist, Guaranteed.

It is reported that the Indians at the Kiowa and Comanche agencies in Kansas are in a starving condition. This is not as it should be. If Indians are to be kept harmless, their stomachs should be well filled.

A MILITARY school will be established in Colorado, and will be conducted on the rough rider plan, the student in his encampment will lead an outdoor life the whole year round. He will live in a tent, and his round of duties will largely be such as if he were actually a member of a scouting party or some similar body of rough riders in the field. He will ride, he will hunt, he will study, he will drill, all under the supervision of competent and well known officers of the United States army.

Ureux being questioned as to his name being paraded as a candidate for the nomination on the Republican ticket for delegate to Congress, D. M. Riordan said it was unauthorized and that he thought that the office should seek the man. He would not for a moment entertain the idea of being a candidate unless it came to him as an expressed wish of the people that he should appear as a representative at the head of the Republican ticket this coming fall. He belonged to no clique and really did not care to be quoted or regarded as in politics.—Tucson Star.

"After suffering from severe dyspepsia over twelve years and using many remedies without permanent good I finally took Kodol Dyspepsia Cure. It did me so much good I recommend it to everyone," writes J. E. Watkins, clerk and recorder, Chillicothe, Mo. It digests what you eat. F. J. Watton.

Epidemic of Whooping Cough.

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—John E. Clifford, proprietor Norwood House, Norwood, N. Y. This remedy is for sale by F. J. Watton, druggist.

J. I. Carson, Frothonotary, Washington, Pa., says, I have found Kodol Dyspepsia Cure an excellent remedy in case of stomach trouble, and have derived great benefit from its use." It digests what you eat and can not fail to cure. F. J. Watton.

"You are writing my bill on a very rough paper," said a client to his attorney.

"Never mind," said the lawyer, "it has to be filed before it comes into court."

A FOLLOWER OF MEASLES.—In many instances a persistent cough follows an attack of measles. In speaking of this Mr. Walter B. Bow, editor of the Elkin, (N. C.) Times, says, "Three weeks ago I had an attack of measles which left me with a bad cough. I took several doses of Chamberlain's Cough Remedy and the cough has entirely disappeared. I consider Chamberlain's medicines the best on the market." For sale by F. J. Watton.
